## EXHIBITOR PROFILE

- Grain and flour mill technologies
- Feed production technologies
- Bulgur production technologies
- Rice and pulse processing technologies
- Biscuit production technologies
- Pasta production technologies
- Corn and semolina production technologies
- Laboratory equipment
- Flour, feed, and grain additives

## VISITORS PROFILE

- Representatives of flour, feed, semolina, corn, and rice mills
- Representatives of bulgur and pulse processing factories
- Representatives of pasta and biscuit factories
- Representatives of factories producing grain and pulse-based foods
- Presidents and members of civil society and professional organizations
- International buyers of cereals and pulses
- Seed producers
- Academics and students
- Representatives of official institutions

# IDMA ISTANBUL 2022

---

**+500 BRANDS FROM 62 COUNTRIES**

**THOUSANDS OF SECTOR PROFESSIONALS  
GATHERED TOGETHER!**

**Mr. Muhammet Ali Kalkan**, the **Chairman of the Board of Directors of IDMA Fuarcılık**, the organizer of the IDMA Fair, which holds an important place in the sector's journey to global leadership, stated:

“

**IDMA** Fair has become a renowned event in the flour, feed, and grain processing machinery sector, both domestically and internationally. Over the years, it has served as a bridge between producers and investors, promoting the sector globally, enhancing competition, and bringing quality to the industry. Assuming a significant mission, the **IDMA** Fair plays an important role in advancing Turkey's leadership in the milling sector, which holds a strong position worldwide. We are proud to contribute to the journey of the flour, feed, and grain processing machinery sector towards the top of the world, which is among Turkey's strongest industries. In the upcoming period, with the **IDMA** Fairs we will organize in **South Africa, Morocco, Russia, and South America**, we will continue to serve the sector, add value, and maintain our position as the most important platform for international trade in the industry.

During the challenging pandemic period, the increased awareness of food access, food security, and rising agricultural product demands underscores the importance of sustainable production more than ever. We are taking another step towards the summit with **IDMA 2022**, bringing our companies closer to the top by exporting the best products to the entire world at the most accessible prices.

## ABOUT

## IDMA FAIR

IDMA International Fair Organization Inc. has been organizing the IDMA - International Flour, Feed, Semolina, Rice, Corn, Bulgur Milling Machinery, and Pulse, Pasta, Biscuit Technologies Fair since 2005.

In order to announce innovations in the milling industry to the world, IDMA, which is the first and only international technology fair organized every two years and held in the respective sectors, has been bringing together representatives of the grain and pulse processing sector in Istanbul for 15 years.

# EVENTS

We conducted the Certified Milling Training, Grain, Pulse, Feed, and Technologies Summit, and the Veteran Awards Ceremony in collaboration with IDMA and TABADER.

***See you on May 2-4, 2024!***
